Alejandro Le Mare Mendoza

SENIOR PRODUCT DESIGNER | AI INTEGRATION, UX/UI & BUSINESS STRATEGY SPECIALIST

📍 Santiago, Chile 📞 +56 9 5919 1255 ✉️ lemare.alejandro@gmail.com 🔗 linkedin.com/in/alejandrolemare

> Senior Product Designer with 10+ years of experience leading end-to-end digital product creation with a core focus on **Applied Artificial Intelligence**, **cross-functional team leadership**, and **business growth**. Proven expert in integrating cutting-edge AI workflows (Claude framework, Claude Cowork, Gemini) to streamline product discovery, accelerate delivery, and maximize organizational efficiency. Adept at bridging user research with commercial goals to drive ROI and high-impact digital solutions.

PROFESSIONAL EXPERIENCE

Senior UX Designer — Ki Technologies (Progressive Leasing, Utah, USA)

Dec 2024 – Present

- **Product Leadership & AI Integration:** Spearhead UX/UI design for *ProgCentral*, Progressive Leasing's enterprise internal platform for managing lease-to-own store contracts. Embed AI workflows (Claude framework) into product design spikes to accelerate exploratory research and technical scoping.
- **Business Operations & FinTech Workflows:** Architect complex origination flows with RLD and payment integration, customer request transfers, QR-code signing (Scan to Sign), and automated invoice/return processing, directly boosting store operational throughput.

UX Specialist — Banco Bci

Mar 2022 – Feb 2024

- **Investment Products & Client Experience:** Led end-to-end design strategy and continuous delivery for enterprise investment platforms, tailoring digital interactions to high-value retail and corporate clients.
- **Design & Business Alignment:** Conducted comprehensive qualitative research, journey mapping, and prototyping to align digital financial products with institutional business targets and compliance requirements.

UX Analyst — Falabella

Sep 2020 – Jan 2022

- **CIAM Architecture (Customer Identity & Access Management):** Designed registration, biometric login, and 2FA authentication journeys for millions of regional retail users.
- **Data & Conversion Optimization:** Evaluated user funnel analytics and behavioral data to refine onboarding steps, significantly enhancing conversion rates and security protocols.

UX/UI Designer & Solutions Analyst — everis (NTT DATA)

Jun 2019 – Sep 2020

- **Enterprise Client Solutions:** Delivered key design initiatives for major accounts including Banco Santander (Superdigital), Telefónica S.A., and Transbank S.A.
- **Field Operations & Cross-Team Collaboration:** Coordinated cross-functional engineering teams to develop hybrid enterprise mobile apps (Ionic 4) for field technicians, overseeing usability testing and information architecture.

Web & UX/UI Designer — Prosys

Jul 2018 – Jun 2019

- **Roadside Assistance Application:** Designed the *RAC Asistencia Vial* native app using Agile/Scrum methods, field benchmark research, user testing, and Ionic prototyping.

Art Director & Brand Strategist — Onlinesolutionsfl

Feb 2016 – Jul 2018

- **Commercial Strategy & Revenue Growth:** Lead brand positioning, digital ad strategy, web traffic expansion, and revenue optimization through strategic business planning and statistical analytics.
